

Sixth Form Y11-12 Transition Work Subject – BUSINESS STUDIES

Due to be handed in – first lesson in September. This work should take you approximately 6 hours to complete to a high standard.

Learning Objectives:

1. To familiarise students with key terms and concepts associated in business
2. To apply these key terms and concepts to a real life business
3. To appreciate business is around us at all time
4. An ability to contribute to class with real word examples

Success Criteria:

1. 4 successfully completed worksheets
2. An appreciation of new content
3. Successful application of numerical skills

Explanation of task..

There are a series of 4 work sheets all based around the documentary “Inside Aldi”

Follow the tasks and instructions contained with the work sheets. Follow the embedded hyperlinks to access the documentary and you tube clips and answer the tasks and challenges facing this supermarket.

Resources to support your work...

Inside Aldi: Britain’s Biggest Discount Store Part 1 – 4 Worksheets

All of the hyperlinks needed are embedded into the work sheets

This work is important because A good business student not only knows their theory, i.e. the content that is on the specification, but also thinks business. Business is a subject that surrounds us all day every day. We start to spot the actions taken by businesses and ask “Why?”; we start to question how we interact with business and the factors that influence our decisions; we start to question what is happening in society and the economy. A good business student is inquisitive.

If you do this you will then be able to hit the ground running in Year 12 business. You will have familiarised yourself with key terms and concepts and

be able to confidently articulate thoughts and discussions in class. You will also see the need for strong numerical ability within the course associated with someone the tasks.
